INFORMED AVERAGING SCORING METHODOLOGY:

Each category will have a rating factor of Exceeds, Meets, Weak or Not Met. The Exceeds category has a point range; all other categories have a fixed score attached to the rating. If the evaluators determine a proposal rates in the "Exceeds" category, the points assigned to that factor must be within the point range indicated on the worksheet. At no time can the proposal be rated lower or higher than the range of points for the "Exceeds" category, or the fixed score for any other rating factor selected.

Portions of the individual evaluation worksheet will be reviewed and scored by the contracts analyst/subject matter expert. These scores will be presented to the evaluators for inclusion into the worksheet. These areas have been identified throughout the worksheet.

PROPOSAL WORKSHEET RATING FACTOR DEFINITIONS:

Exceeds

This rating should be given when the proposal clearly presents enough information that indicates a higher level than what is required in the RFP. For example, if the factor being evaluated is the requirement of three years experience and the proposal clearly indicates that the firm has ten years of experience and has provided dates to validate that claim, then they have exceeded this requirement of the RFP.

Meets

This rating should be given when the proposal presents enough information to ascertain compliance with the requirement of the RFP factor being rated - no more and no less. Using the previous example, if the proposal only includes dates verifying that the firm has three years of experience (and no more), then a rating of "meets" would be appropriate.

Weak

This rating should be given if there is questionable compliance, or if the discussion of the RFP requirement is brief or merely an affirmation that the proposer will comply with the RFP requirement being rated. Using the previous example, if the firm said they had three years experience, but did not support it with appropriate dates or client references, then a rating of "weak" is appropriate.

Not Met

This rating should be given in two situations: 1) the proposal does not address or acknowledge a certain RFP factor, or 2) the proposal indicates an inappropriate or different response to what is being asked for in the RFP. Using the previous example, a "not met" rating would be appropriate if the firm did not include anything about its experience.

A. Proposer's Staffing Plan (Sub-paragraph 2.9.9 B., Proposal Section G) Address the appropriateness, scope, and suitability of proposer's response to the staffing plan as identified on each Parking Facility Specification Sheet.

B. Proposer's Approach to Labor-Payroll Record Keeping and Regulatory Compliance (Sub-paragraph 2.9.9 F., Proposal Section F) Evaluate the appropriateness, scope, and suitability of the firm's employee labor-Payroll record keeping system and the controls in place that ensures ongoing regulatory compliance. Did the firm include, at a minimum, a detailed discussion of each of the following:

- What system does the firm use to document employee's arrival and departure Times (e.g., time clock system, sign-in/sign-out via computer, sign-in/sign-out sheets, etc.)?
- How does the firm ensure that employees take mandated breaks and meal breaks?
- Is the firm's labor-payroll record keeping system manual or automated?
- Does the firm prepare the payroll or is it contracted out to a third party?
- How does the firm calculate the total wages for individual employees at multiple wage rates (County's Living Wage rate for County work and firm's standard rate for other work) to ensure straight time hours, overtime hours, and travel time are paid to employees at the appropriate rates?
- Is the system automated to handle variable payroll calculations or does the firm need to manually override the system to perform the calculation?

700

Evaluator's Comments: Part time staff justification included minimal details. Proposer presented automated labor-payroll record keeping systems. No information provided as to how proposer ensures breaks are taken. Overtime hours are automatically calculated but rate was not provided.
